

2021 Core Surgery Module: All References

Below you will find the topics and their accompanying references for the 2021 Core Surgery Module for the General Surgery Continuous Certification Assessment. References that are available open source are indicated with a green star ★ and the entire citation is a link to the open access source. References that are not available open access have a link in their PubMed ID to the abstract.

Diplomates are neither required nor expected to read all of these references before or during the completion of the assessment.
