

2019 Breast Surgery Module: Key References

Below you will find the topics and a selection of key accompanying references for the Breast Surgery module of the General Surgery Continuous Certification Assessment. References that are available open source are indicated with a green star ★ and the entire citation is a link. References that are not available open access have a link in their PubMed ID to the abstract.

Diplomates are neither required nor expected to read all of these references before or during the completion of the assessment.

To view all references, see [this page](#) of the ABS website.

Atypical Ductal Hyperplasia
