PROGRAM OVERVIEW

Time frame

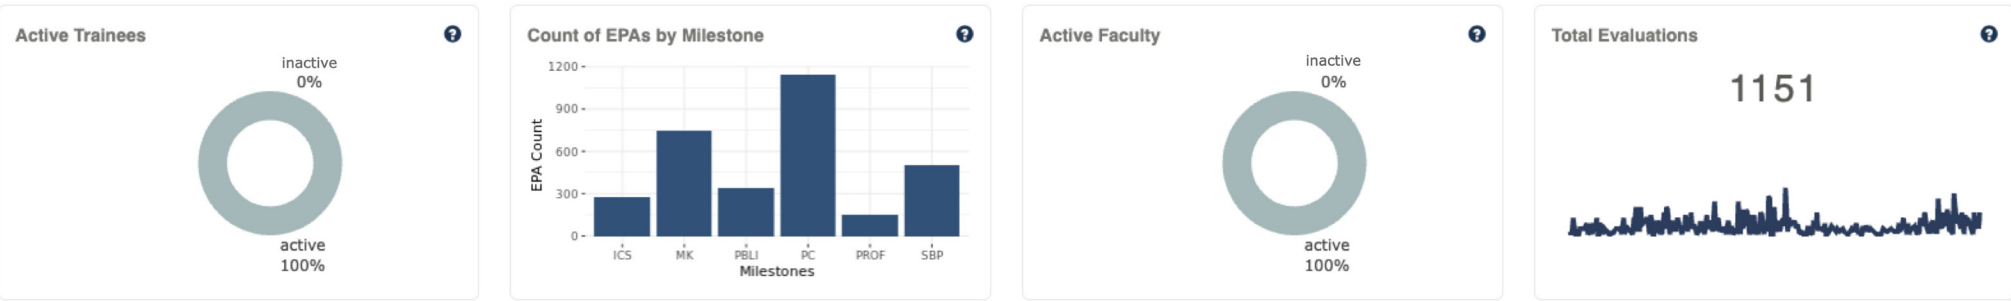

Past Year

Active Trainees: Number of trainees who have participated in at least one faculty-to-trainee rating.

Count of EPAs: Number of faculty-to-trainee ratings that have been completed by competency.

Active Faculty: Number of faculty who have participated in at least one faculty-to-trainee rating.

Total Evaluations: Number of faculty who have participated in at least one faculty-to-trainee rating.

Milestone: Name of Milestone sub-competency.

Suggested Level: Suggested rating level (1-5 with no half steps) for a specific sub-competency based on performance for associated EPAs within a 6-month time frame.

Suggestion Confidence: Probability that a trainee is at that suggested rating level.

Evaluations: Number of faculty-to-trainee ratings completed within the selected time frame for a specific sub-competency.

Last Event: The last time a faculty-to-trainee EPA was completed for a given sub-competency.

Last EPA: The name of the last faculty-to-trainee EPA (with phase) completed for a specific sub-competency.
